Goood morning, Master!!

Did you have a nice dream?!

But it seemed to last forever.

A very,

I'm not sure,

Very long time.

Morning, Fuuta.

Hey.

?

Eyes are red too. Pull an all-nighter?

Little slow today?

Naw, I just woke up. Still half asleep.

Hey guys.

G'Mor-ning.

We've been friends for a long time

Kouko's not the only one I've known before..

For longer still.

I hope we can be friends

What're you smirking about?

Oh, nothing.

?

..Better rein in the drinking, though.

?

GRA HA HA

Boy, Daiki couldn't be more different!

桶屋風太(フータ)…霊視ができる14歳。過去生はスピリットサークルという過去を見せたりできる道具を作った天才科学者フルトゥナ。その他、南米ではフォンと言う靴屋の息子。中世欧州ではヴァンと言う名の騎士であった。

My name is Fuuta Okeya!

I'm not the son of a cobbler.. And I'm not some washed up old drunkard bemoaning his glory days

Is this really me, here and now?

And this is Japan, the 21st Century!

..Isn't it?

I don't know what to think

Hello, Rune.

Good morning, Koko!!

GULP

Good morning, East!!

So. The knight.

I.. I saw it.

... The knight.

Did you see your past life?

Oh.. Hi, Kouko.

石神紘子(コーコ)…フータと過去生で因縁があり、魂を殺して輪廻転生を断とうとしている。南米時代は神官ストナとしてフォンの恋人レイを生贄にしフォンを斬首。逆に中世欧州では魔女としてヴァンに首を切られていた…。

Do tell, How did he die, your brave knight?

He who defended the plagued village from the menace of the old Medicine woman.

Huh?

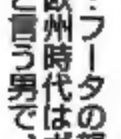
Medicine? Plague?

But.. didn't the Church say..

Don't be a fool.

ルン…フータの過去生フルトゥナをマスターと呼ぶ少女の霊。スピリットサークルを預かっていた。フータやコーコ以外には視えない。触れようと思えば触れられる特別な霊で、過去生のコーコは非常に懐いていた。明るい子。

真城鉄馬(テツ)…フータの親友で陸上部に所属。拳法もやっている行動派。中世欧州時代はスティールと言い、ヴァン(フータ)を暗殺しに来たアサシンだった。金に目が眩んで裏切り、死ぬまでヴァンと酒を飲んで暮らした…。



高山大樹(ダイキ)…フータの親友で歴史部に所属。成績優秀で先生との仲が良い優等生。中世欧州時代はヴァン(フータ)やスティールと共に暮らした遍歴説教師のグラスと言う男で、当時は乱暴者で大酒呑みの生臭坊主だった。

He wandered off to some hole in the wall and drank his days away.

Driven to alcohol by his unjustified grudge.. What a miserable life.

I see.

That's too bad.

They said he was cursed, and tossed him out..

After he killed the witch, he didn't get a thing in return.

That I've grown this much closer to destroying Fortuna's soul

It's simply perfect.

Knowing that makes it even sweeter

Tell me of his disgusting life and his painful death.

Tell me more.

It was fun.

'Till two of them died, thanks to the booze.

I guess they kept on drinking, but..

He met new friends.

Past lives of Daiki, Tetsu and Mr. Azuma.

Rei, born again.

He raised her with help from his neighbors.

He was lonely then, but took in an orphan baby..

Mr. Azuma left after that..

Sorry to disappoint you,

But Vann was happy.

He didn't suffer through his life.

He died after falling and hitting his head..

Rei held him as he went.

WRACK

Oh-!

THUD

OOF!

That was a bit much, Kouko.

Don't call me that!!

I.. didn't real -ize..

..Oh!

Master is too teeny and fragile, Koko! Treat him more gently!

What're you doing?!

Dammit, I'M not the same-

Or did you forget murder -ing me?

..Don't glare at me.

Grr..

Then what about you, huh?!

What about what you did to Rei?!

...!!

And you are Fortuna.

You are Fone. You are Vann.

You are.

The common people demand the ritual

All to ease their minds and the percieved ills of the world

For the sake of the people, we became the agents of death

We dirty our hands so the people may know peace

Stona ..?!

...!?

WE made it an event of celebration

WE ensure the name of the sacrifice is honored,

And through our divinings and guidance, we assert control over the ritual

Keeping it from devolving into random, blind killings

Our records speak of a time before we led the ritual

When the people's ignorance and fear led to war and carnage!!

Show them the truth,

And the people would change!

Then you could have just put an end to it!!

Th..

The people had changed

Without killing, without blood, they could not be at ease.

Not any more.

The last priest to try

Was called a demon, come to mislead,

And burned alive by the Chosen's family.

To calm your collective bloodlust, it had to be done.

There was a point.

And you still took up that knife!!

You knew.. you knew there was no point!

You saw the spirits?

I knew enough. The spirits told me truth.

You tried to destroy it all!!

And you.. You, who knew *nothing!!*

So that was it..

.....

What the hell was that?

Did I just..?

It's the only reason she was allowed to view the old records.

Fortuna's work, no doubt.

Stona was the same, as well.

.....

Stona saw them too?

.....

Master.

Please calm yourself.

And what happened after.. After Fone died?

Will you.. tell me about her?

Stona, I mean.

I suppose we should fill in eachothers' gaps from now on.

...
All right.

Now, let me see..

.....

gasp

huff

huff

pant

pant

huff

haah

hah

Did they complete the ritual?

The sacr-ifice..

What was that?

We shall accordingly be protected and sustained for sixteen years, not eight!!

...With his blood added to the altar, the gods will be doubly pleased!

And the heretic is punished for his disrespect!!

The gods have received the heart of the Chosen,

What'll we do?

Was it performed correctly?

I don't know about all this..

If a heretic will serve.. Why must we honor the Chosen?

.....

Do it again?!

They would not be convinced.

The Elders have declared the ritual must be redone.

This is quite unfortunate.

Of course, anyone would disagree when their daughter's sacrifice is to be annulled..

The Elders and the Chosen's family are negotiating that point

But there is no other real opposition. They'll soon be pressed to agree.

But-!

Must we choose another?

But, Grandfather, the sacrifice..

We..

Furthermore, they relish the chance at the glory of a Chosen in the family,

As well as the compensation

It must be done.

The ritual is a time of celebration for the people.

Remember that you and I are the only ones who know the truth behind the ritual.

..This is wrong!!

Though some have laid the fault for this at your feet, for allowing the girl to keep her sandals and sullying the sanctity of the ritual.

……

You may have taken the duty to spare others the need,

But you are looked upon with envy for the glory your position holds.

Priests are seen as the sheperds of miracles.

He may have had some idea this would happ-pen.

The boy Fone lived with his father.. now gone missing.

Ah, yes..

What of the.. heretic's family? Do they not share blame?

If this does not quell the unrest..

..We should first perform a cleansing ritual, without the use of a Chosen.

The ritual which is our responsibility was disrupted, and we have no other scapegoat.

It falls to the priesthood to put forth a resolution.

This is the only option left to preserve our village.

Then I will be the sacrifice.

You did well, Fone. You gave them the push they needed.

But she didn't get the chance.

I was told to expect another..

And so young!

My father's health did not permit the voyage, so I am his represent-tative.

Flors?

M'name is Flors, I said..

Oh, so?

Well..

You can trust in his skill and mettle, sir!

M-Master Flors is the eldest son, and has been personally entrusted with the duty!

Very well.

Mmgh

Master Flors! Kindly shut up!!

And besides, it's not like Pops actually has any other-

You say eldest, but I've just been around the longest

Gah ha ha!

Halara! Guide them!

Y- yes! Right away!

I like this one's spirit! I am sure you will work hard for us.

plod
plod
Right this way
I am sure you are tired from your travels! Please, rest well!
Mm, mm.

Alvol's daughter, Roca, had also come to receive us at the port.

nod

Hold on, I'm coming

...

Master Flors?

Who?

Roca was a fortune teller, and was hired to meet with Lihanerra.

He travel-ed with her?

Kertenos had served her family faithfully for a long time.

And always by her side, her Man-servant Kertenos.

Lihanerra sailed with us, the daughter of a wealthy noble house.

Hrm.. or maybe ...

They were like.. brother and sister?

Father Sphinx?

Mm?

Ah, yes..

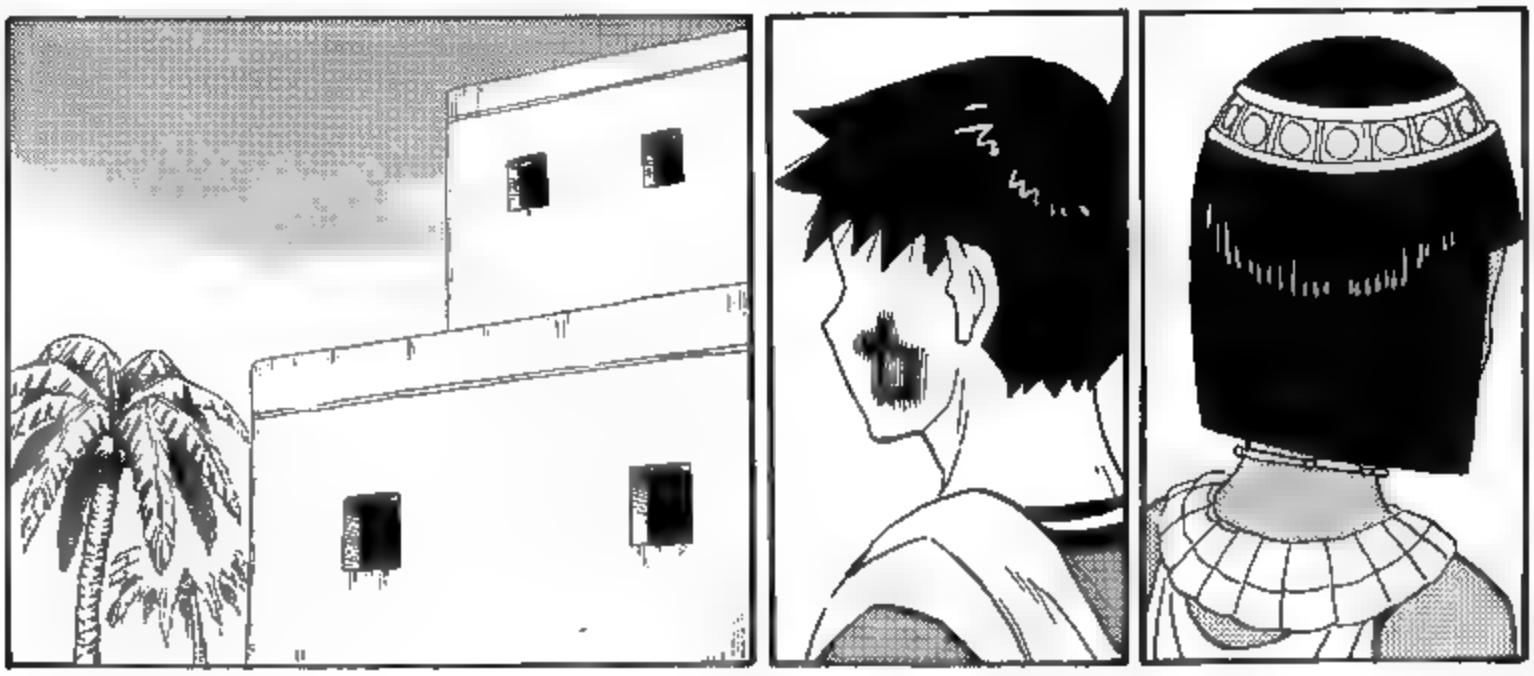
Oh, well..

In a way, but..

Was she real pretty?

When our eyes met, something about Roca struck me..

What I mean is, it felt like somehow, we took eachother's measure with but a glance.



By the way, what are we putting up here, anyway?

Put to work so far from home.. I'm a bit worried.

By your leave, sirs.

Came all this way and you don't even know?

Yes, me too..

A Sphinx

We are here to erect

Huh?

Oh, sure.

If you will please, Master Architect.

Every one forgets the details.

And it's nothin' so grand

What do you mean?

So that's why you're called Father Sphinx!!

Wow!!

M'name 's Flors..

They just said something "sort of sphinxy," in three years' time.

W-well, we don't really need to go that far.

I've never seen one, but aren't those things.. well, huge? It'll take us decades to build!

WHAT?! A Sphinx? Like one of those enormous royal tombs?

Well, they would.

Everyone these days thinks we built some great, grand monument.

...Sphinxy?

Come on, Flors.

What are you doing?

As a matter of fact..

Oh, That looks nice.

Over there, maybe?

What say you?

Let's clear it with the chief, then.

Huh?

Where'd it go?

And near the village

Good land around here.

What animal? There's nothing there.

Hey, Did you see that wierd animal?

East,

To face the rising sun.

Which way would you like it to face?

Yes, this will be suitable.

But he was also a scholar, after his own way.

At first, I took him to be simply a wealthy noble of his land,

What kind of person was Alvo?

.....

The monument will venerate the sun, bringer of knowledge, that banishes the dark of ignorance.

You have come!

Good!

This way, please.

To my surprise, I was summoned by Alvol one day.

What brings you here?

Ker-tenos?

You may go, Halara.

nod

Please, be seated.

bob

Good eve-ning..

Miss Lihanerra is together with Roca, no need to worry for her.

And as for us..

I asked Master Lihanerra, and she bade me go alone..

I do not know..

Master Alvol called me here.

What's all this, then?

Par-don?

Let us drink!

It is good to be together again!

Ah,

So you do not know.

According to my daughter's visions,

We have been friends since before we were born.

Surely you jest.

I, a humble servant, friends with a foreign noble?

Sorry, but, uh, I don't really see how that's possible.

Come!

Both of you, take a cup!

!

Ha ha hah!

It is strange, I admit, but the sight of you two does fill me with thirst!

Hala-ra,

Would you leave us?

Huh?

Mis-tress Roca?

You seem in good spirits.

Oh, I guess.

I must speak with Master Flors.

Good evening.

Good evening.

Wasn't it?

A birth-mark,

But that's not quite true.

..Yeah, that's right..

Oh, this?

That mark on your face..

Before you were born to this world.

I placed that mark upon you

Was it..

Some-what nostalgic, perhaps?

Did you enjoy drinking with Father?

I am a man of science, not parlor tricks and chicanery.

But I don't put much faith in fortunes.

Not to be rude,

Our souls are bound by ties of enmity.

Your own reaction is all the proof you should need.

I've had a lot to drink, and I'd like to go home soon.

Okay, okay. What's this about?

You decided you hated me, right?

With one look,

Okay, again, sorry, but..

What?

Um,

In this life, I wish to put an end to our long-standing quarrel.

If we do not act, I fear our pre-dispositions will lead to bloodshed yet again.

I need your help.

To change our fate, and escape this sad cycle of death and rebirth,

If we really have to try so hard not to kill each other, we'll just keep our distance, how hard could it be?

After all,

Okay, I *really* don't get it.

I know you think I can help you, but..

We do have each-other...

.....

Before fate finds us again..

We must act soon.

You've heard too many fairy tales.

...I've heard enough.

Miss Liha-nerra?

!

Oh Flors!

See ya, Kertenos.

.....

Oh, It's noth-ing.

Okay then..

Is some-thing wrong?

We're done with our business here, so we'll be making the return journey now.

I see. Take care, then.

I wish you luck with the constr-uction.

A handsome lass, she is.. Think she'll visit the sites after we're home?

Me neither..

I never took you two to be so close.

Why would she come all this way just to meet you again?

nod

How come you get all the dames?!

Right now?! We're a little busy..

Mistress Roca has summoned you.

She bade you come with all haste.

Hm?

Hala-ra?

Now what..

Master Flors!

Be right back.

Sigh..

Go ahead, sir.

We'll manage here.

sniff

Please, sit.

Your parents blamed each other's bad blood for that scar on your cheek and fought often... didn't they?

Anyone on our crew could have told you that much.

Is that all? Some fortune.

Your relationship with your parents is similarly sour, but you looked up to your tutor like a father.

Right again?

.....

Our mission here is of greater importance.

There is much work to be done.

Are you done?

Much is visible to me.

The sight is unusually clear today.

You will aid me in halting our destiny in this life.

I will not bow my head again.

Listen,

And I will tell you al I know of our past.

We must take this chance.

The two of us have met without blades between us.

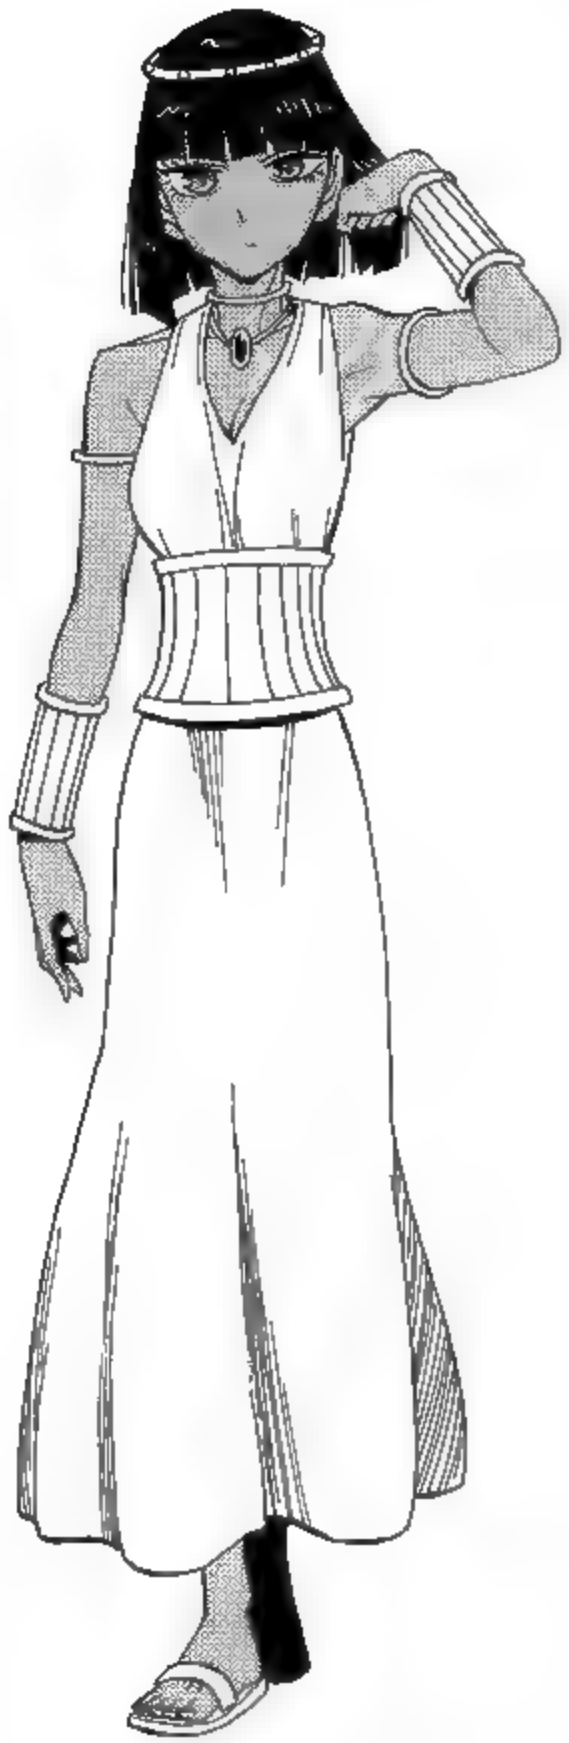
THE SEER ROCA.. WHAT SECRETS DOES HER GIFT REVEAL?



◆SATOSHI MIZUKAMI
水上悟志

I must admit, it arouses my curiosity as well.

Oh, for shame.. You know a gentlemen never tells!

So?

How did you enjoy the Seer's.. company?

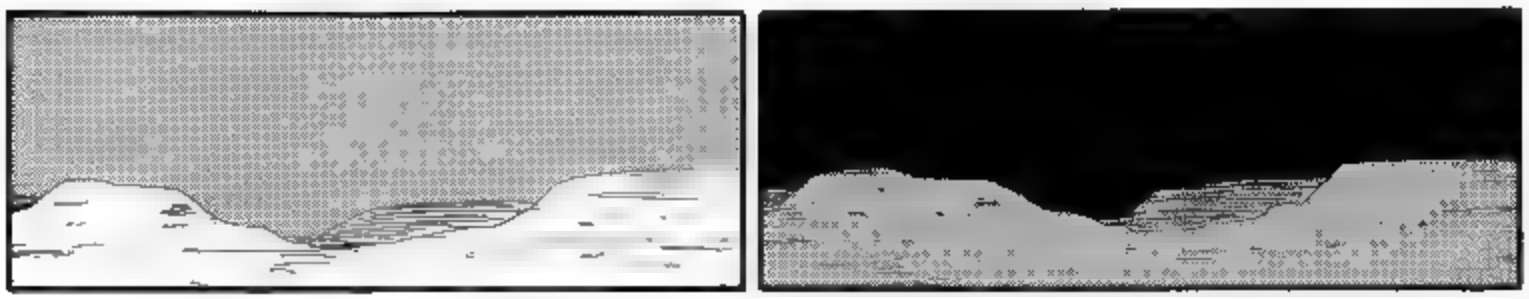
And that it was all my fault for killing her first.

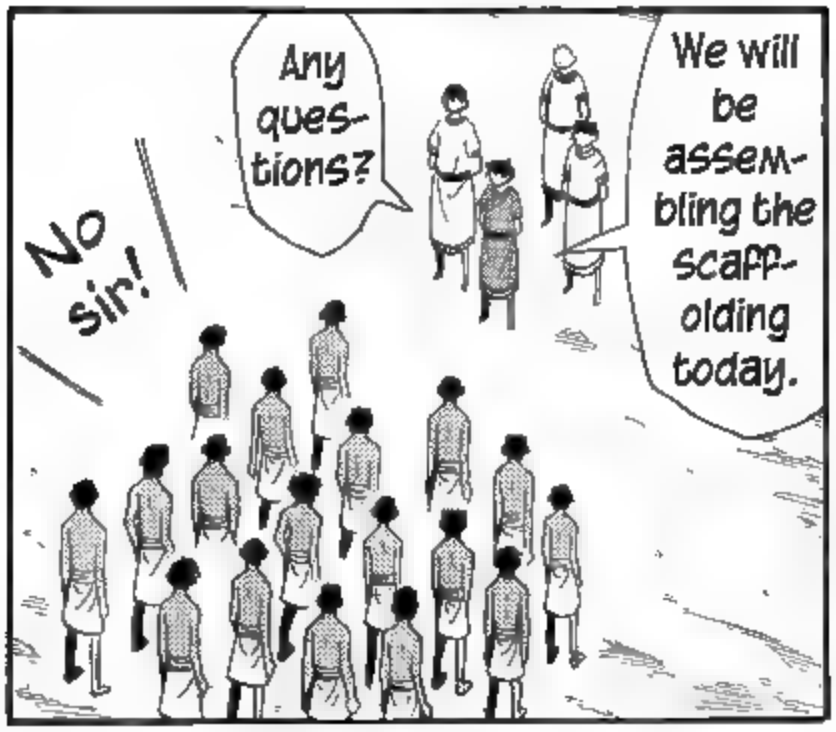
Some nonsense about our past lives being sworn enemies,

She just dragged me in to listen to some mad vision.

Well, lay it to rest.

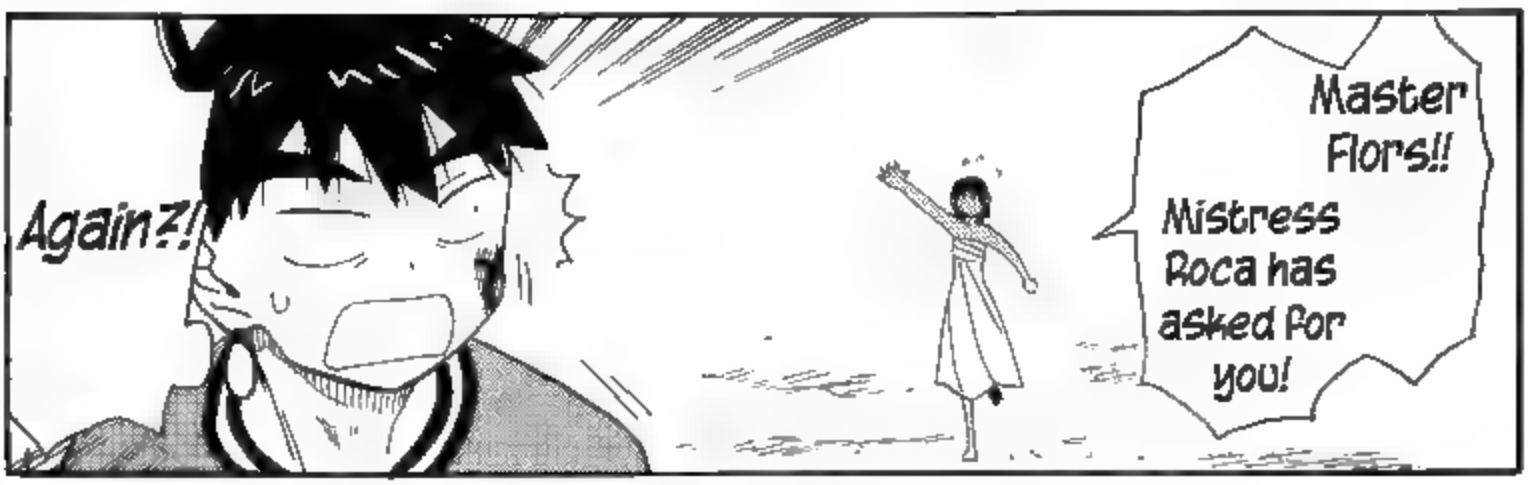
Queer folk, mystics..
Oh.. Well, then..
I finally told her I'd heard enough, and excused myself.



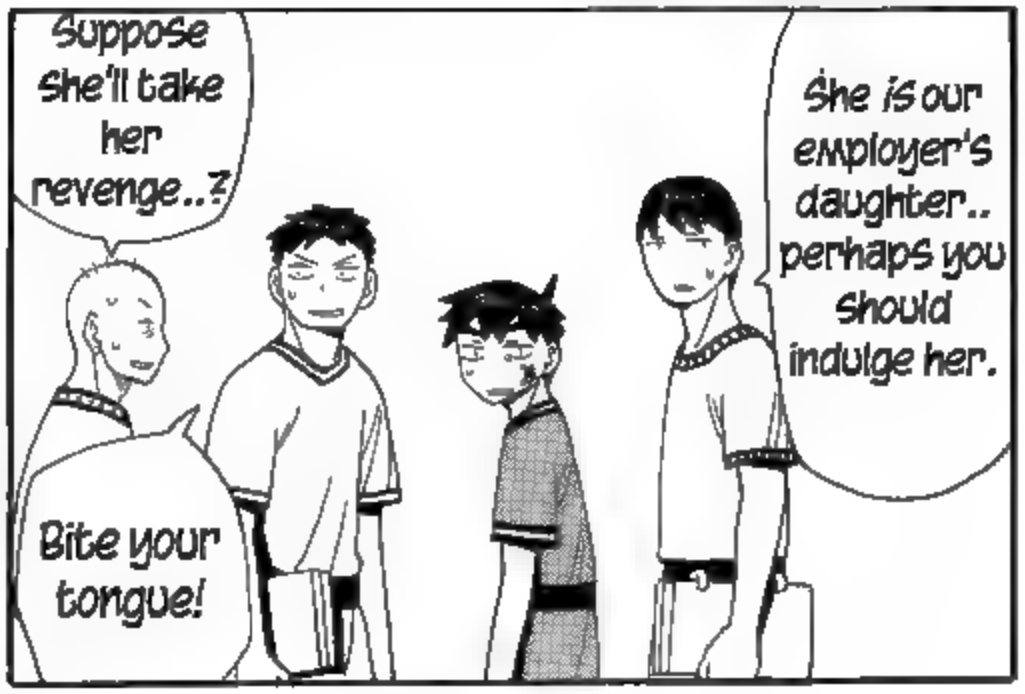


Any questions?
No sir!
We will be assembling the scaffolding today.

Let us begin.
Good morning, men.



Again?!
Master Flors!!
Mistress Roca has asked for you!



http://www.shonengahosha.jp/

You will listen, and listen well,

or Father will see you sail again, with nary a coin to show for it.

.....!!

Oh? What's wrong?

Does it vex you so?

Yup..

Just the thought of it, all these years later, still makes my blood boil.

What was her problem? She sounds awful!

Well..

She had it out for me,

But her people seemed to hold her dear.

So, what did she want to talk about this time?

More about your past lives?

Absolute nonsense, again and again.

About how I was a soldier of some kind, and she was a healer,

And I murdered her on orders from my superiors.

Oh, I don't know all the finer points of the situation,

It seems like it was for political reasons, mostly.

What?

Why would they want to kill her anyway?

Uh huh.

Do tell

By the way, that's when I gave you that scar on your face.

.....

Don't blame me if I was just following orders..

And before that,

I was a shoemaker, and Roca was a priestess.

And for getting in the way of her ritual, she lopped off my head.

Seems I was trying to save my lover from becoming a human sacrifice.

Well what's wrong with that?!

What, indeed..

Thanks to you, the ritual was deemed a failure, and I was killed by the unhappy public.

I don't see how that's my fault..

You're probably thinking it wasn't your fault.

Get out of my head!

And now you're thinking I can read minds.

Next, you'll think that you want to leave.

God, I just want to.. Ut!!

We are destined to cause eachother suffering.

The problem is not who raised hand against who,

But how to prevent it from occuring again.

I will call you again, when my sight is clear.

I think we're done here, for now.

Whatever. Don't know, don't care.

How should I know? I'll pay it no Mind.

But..

But if, if, such a thing could be, do consider it... How Might such a pair steer their destiny?

I won't ask you to believe everything you hear, that isn't important.

Flors the merchant, Flors the thief..

A soldier, a clergy-man..

Flors the scholar, maybe.

It was exciting.. in a way.

To think of the lives one may have led, in another time, another place..

.....

Her tales were mere fancy, of course, but enticing all the same.

Hurrum.. She spoke of a time we were once as family.

What other lives did she tell you about?

That turned that Roca against me forever.

The Flors of that time caused a terrible accident

My experiment..

Or perhaps my ambition was to blame..?

Immersed in some sort of research.

I was a man of great knowledge then,

What kind of accident?
I do not know.. Only that it claimed a great many souls.

Halara,

What do you call that creature? I see it often.

Oh?

Where is it?

?

It doesn't matter.

Never mind..

Hmm

Is it gone?

There

Did you see it?

The days stretched on into years as we labored.

When the Seer released me, I would return to work.

The monument presented a fair share of troubles,

But heedless of my duties, Roca demanded me time and time again.

"The visions are not clear but I am certain you are to blame", she would say.

Without brooking a word of reason, she demanded I produce a solution to her imagined peril.

Alvol had charged me with an odd request: to sculpt a face that resembled no person.

.....

I would make a show of thought, instead pondering the visage of the Sphinx.

Visions of one such as yourself, for whom I feel only contempt, if anything, is a very different matter.

My sight with regards to myself is clouded by my own desires and fears. I cannot discern the images.

She was a Seer, right?

Why didn't Roca just come up with something?

I wish to make this place into a center of learning,

And the monument must demonstrate it.

This will not be a show of man's power, but an image of a greater being who questions and challenges.

So,

Hmm..

What did Alvol mean by a face that looked like no one?

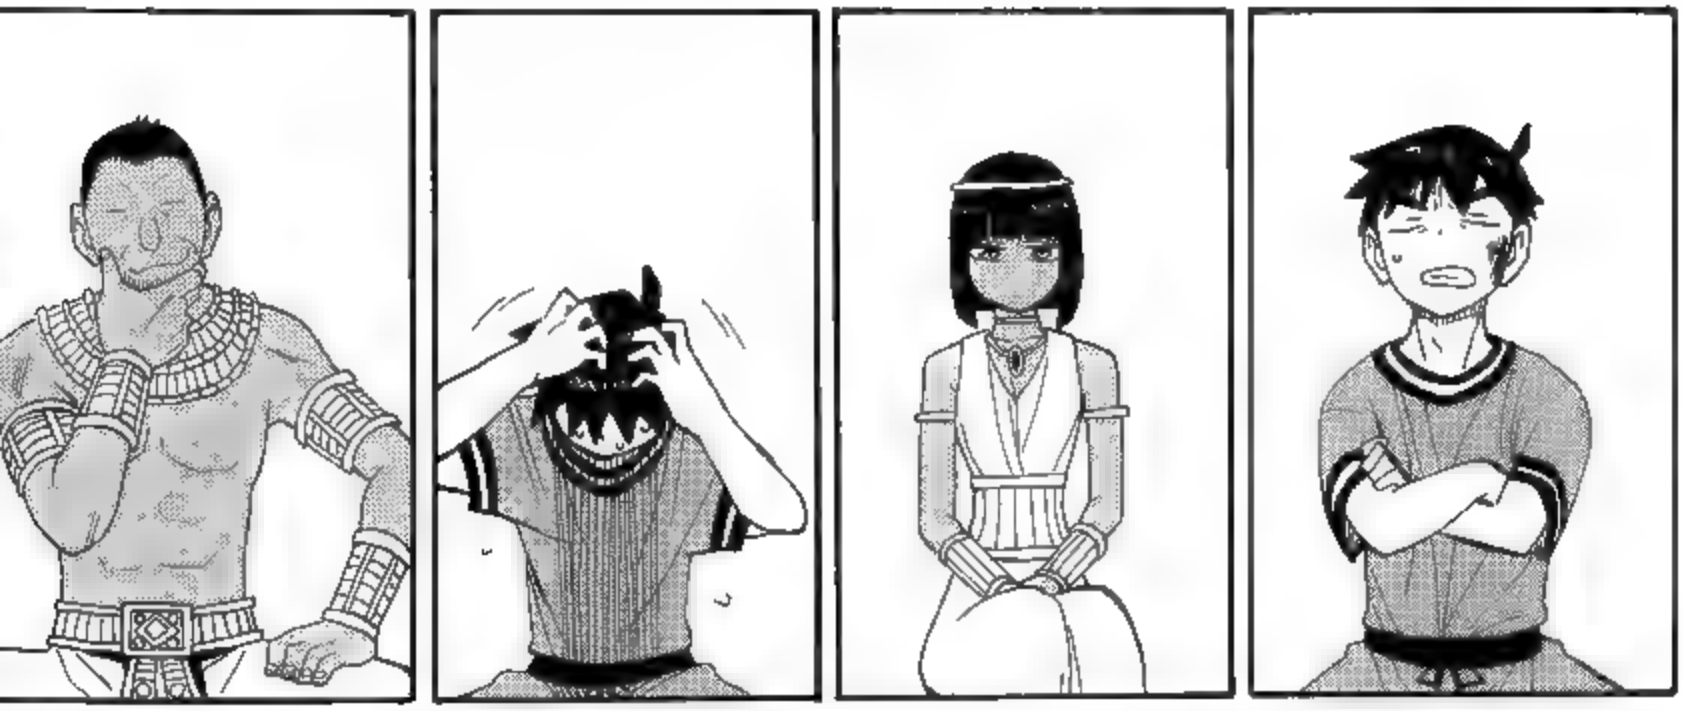
You should've picked one of your workers, who'd know?

Do not take me to be mocking you in this,

for I am eager to see one of your means solve this riddle.

Our monument to knowledge must therefore be a creation put forth not by the wise, but by the common man.

Knowledge is not the domain of the wise man, but the road to become one.



And finally, some four years after we began..

True, it scarce resembles any man I've known.

Though something does seem familiar..

What news?

Is it done?

...So. A beast's face, is it.

.....

Ah, Master Alvol..

.....

twitch

OHGODOHGODOHGODOHGO

.....

Cat

Bring the fish!

I kinda like it!

Oh, it's a wise looking one, all right!

BWA HA HA HA HA HA HA

Ain't that cute!

Haw!

SNORT

.....

..Flors?

How on earth did you think up a creature like that, Flors?

Now someone tell me.. what's a cat?

We did it! They're eating it up!!

nudge nudge

phew

Thank goodness, I think they like it..

But why do they keep saying "cat"?

And there was much rejoicing.

All of the town came to see it,

A great celebration took place.

That very night, under the gaze of the monument,

No matter their taste, the sight of it moved them to laughter.

The monument was well received by all

A princely sum will be yours!!

Flors! Masterful work! Well done!!

True.

For your time and patience,

And for our splendid monument.

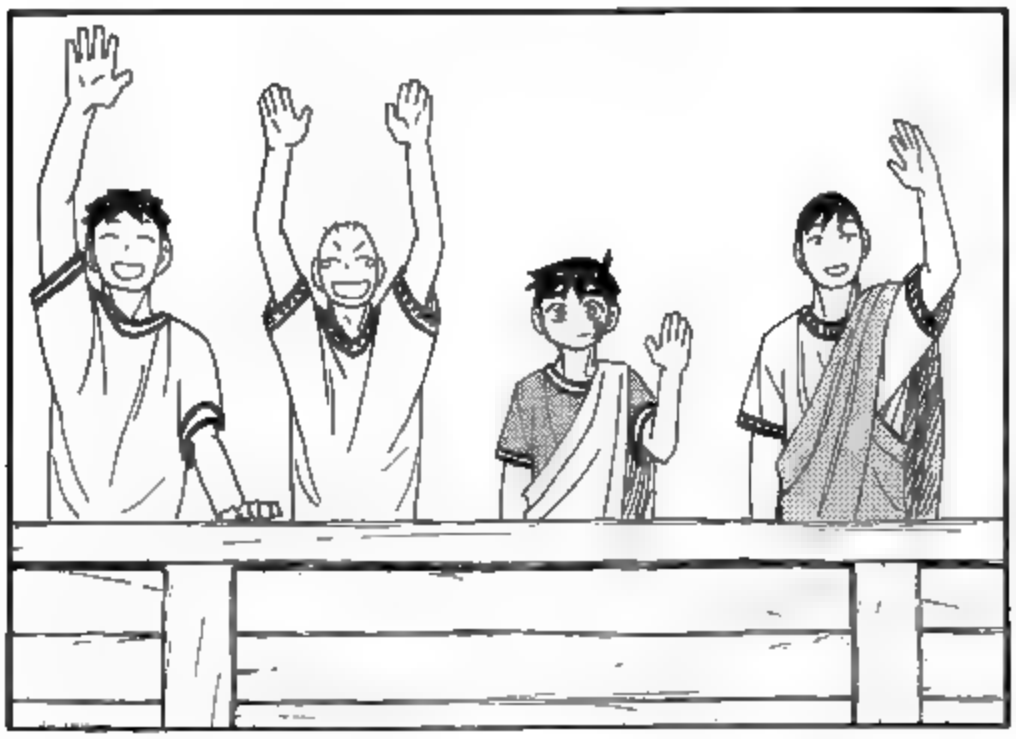
I do despise you,

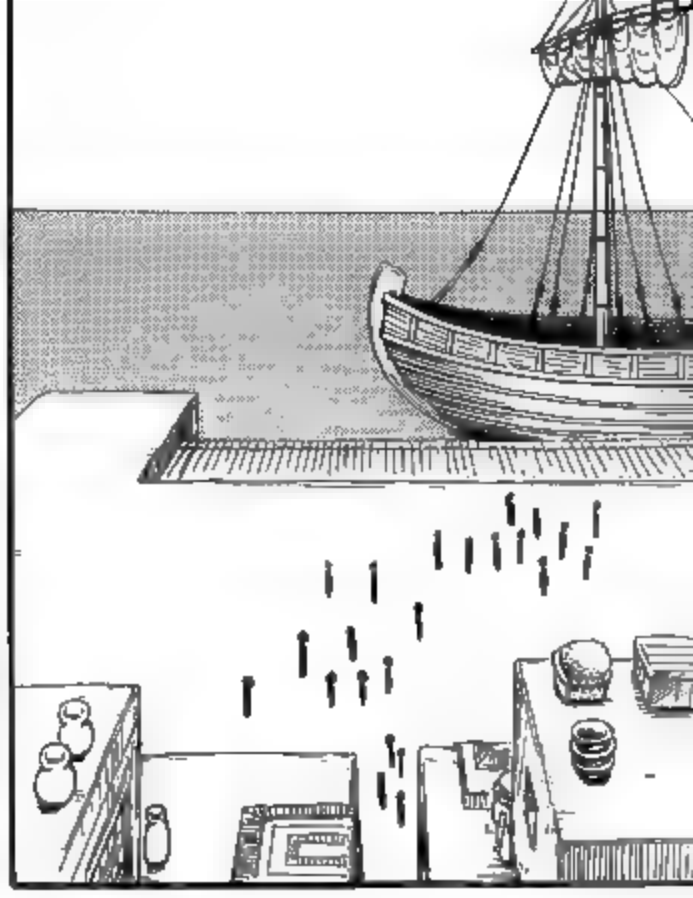
But thank you all the same.

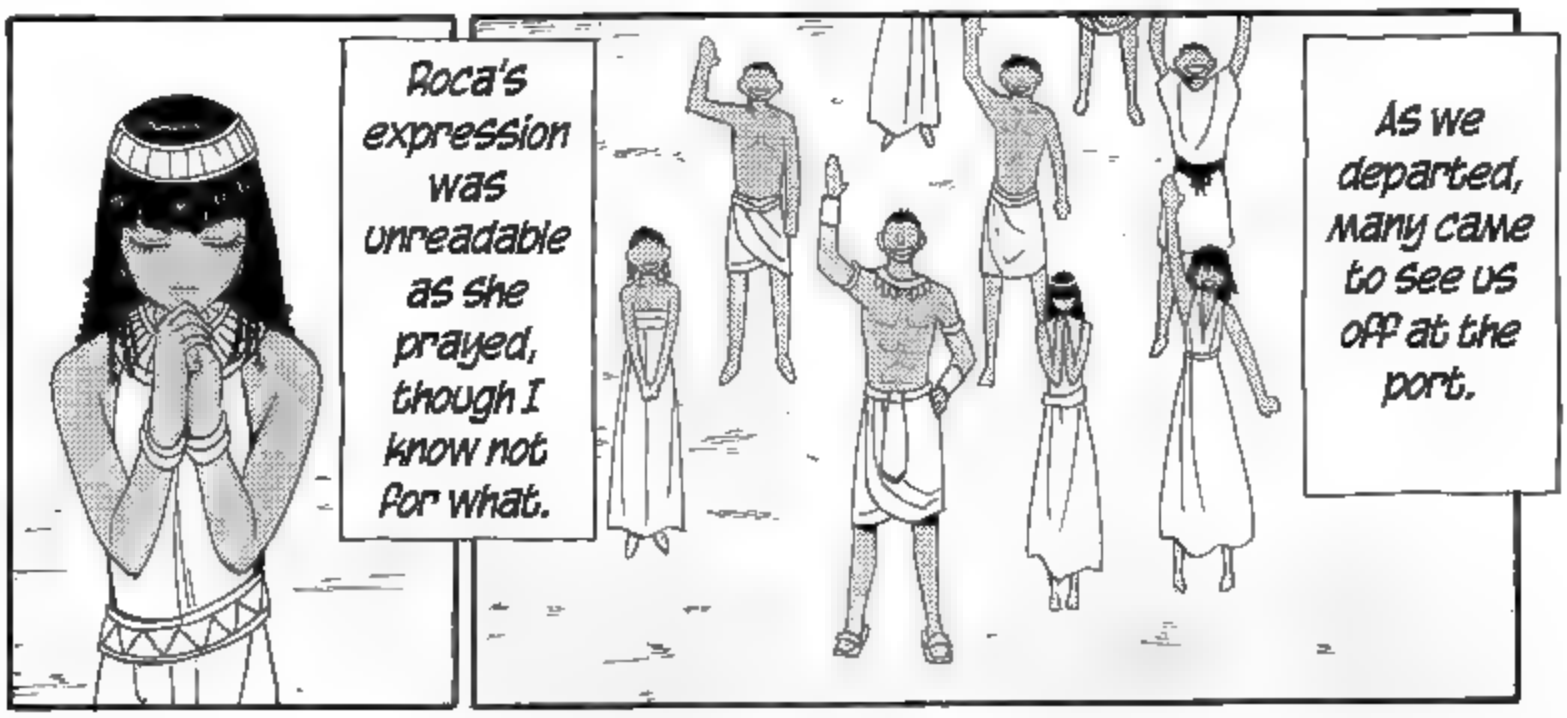
... But, it's been anything but dull.

You've spun many a fine tale for me.

And I do loathe you.



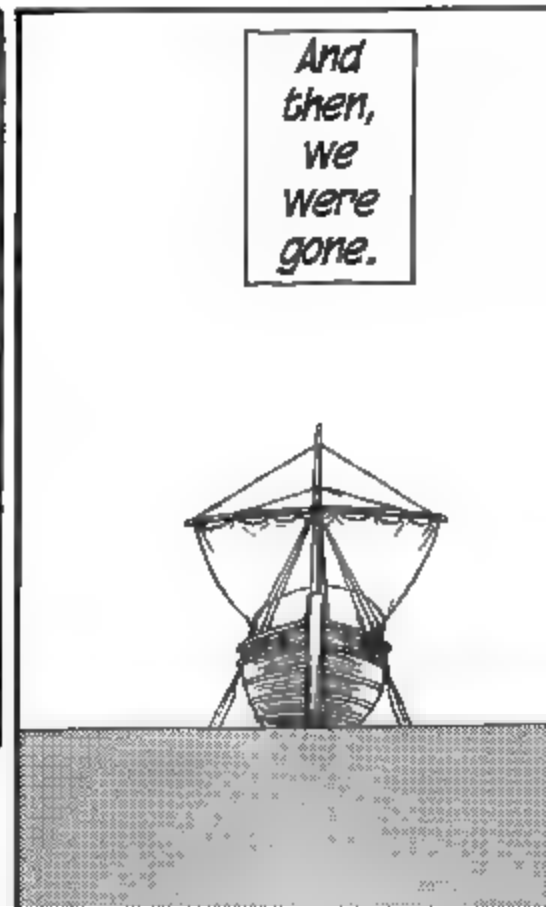




Roca's expression was unreadable as she prayed, though I know not for what.
As we departed, many came to see us off at the port.

Just think of how happy they were with your work!
Well, cheer up.

Did you grow that attatched to the place?
Come, Flors, how long are you going to watch the waves?
S'pose so..



And then, we were gone.

I'd sooner demolish it than see it again.

That eye-sore?

You can meet your father with head held high!

But our customer was ecstatic! Everyone loved it!!

Upon our return..

Sigh.. I wonder how Father fares..

My creation was not to my taste

The "cat" that I saw on those dunes was far more noble,

And more beautiful than I could capture.

I took up Father's business, settled in, and founded my own family.

In my grief, I blamed her.

"If that damnable Seer hadn't stolen my time, maybe I could have seen him."

We learned that his illness had taken him half a year past.

Flors!

It rang on my ears like so much hollow mockery

Hey!

Ho there, Ser Sphinx!

Heya, Sphinxy!

Well! It's the Sphinx-tamer!

It wasn't long after my return that the nickname caught on.

And that's when Lihanerra found me.

ルン　フータの過去生フルトゥナをマスターと呼ぶ少女の霊。スピリットサークルを預かっていた。フータやコーコ以外には視えない。触れようと思えば触れられる特別な霊で、過去生のコーコは非常に懐いていた。明るい子。

イースト　フータの過去生フルトゥナの友人にして弟子。過去生のコーコとは親子だった。現在はコーコの背後霊でフータやルン以外には視えない。過去に拘りすぎるコーコを諫めているが、なかなか彼女の言動を止められない。

スバスシフィカ　フータが中南米と欧州騎士編の過去を視た後、フルトゥナの記憶なのかは定かではないが、不意に思い出した奇妙な姿形の人物。その記憶の中ではスピリットサークルを渡せ、お前達にはまだ早いと言っていた。

And why would I do that?

Well, then, why don't we share our stories?

It's kind of fun to watch, though

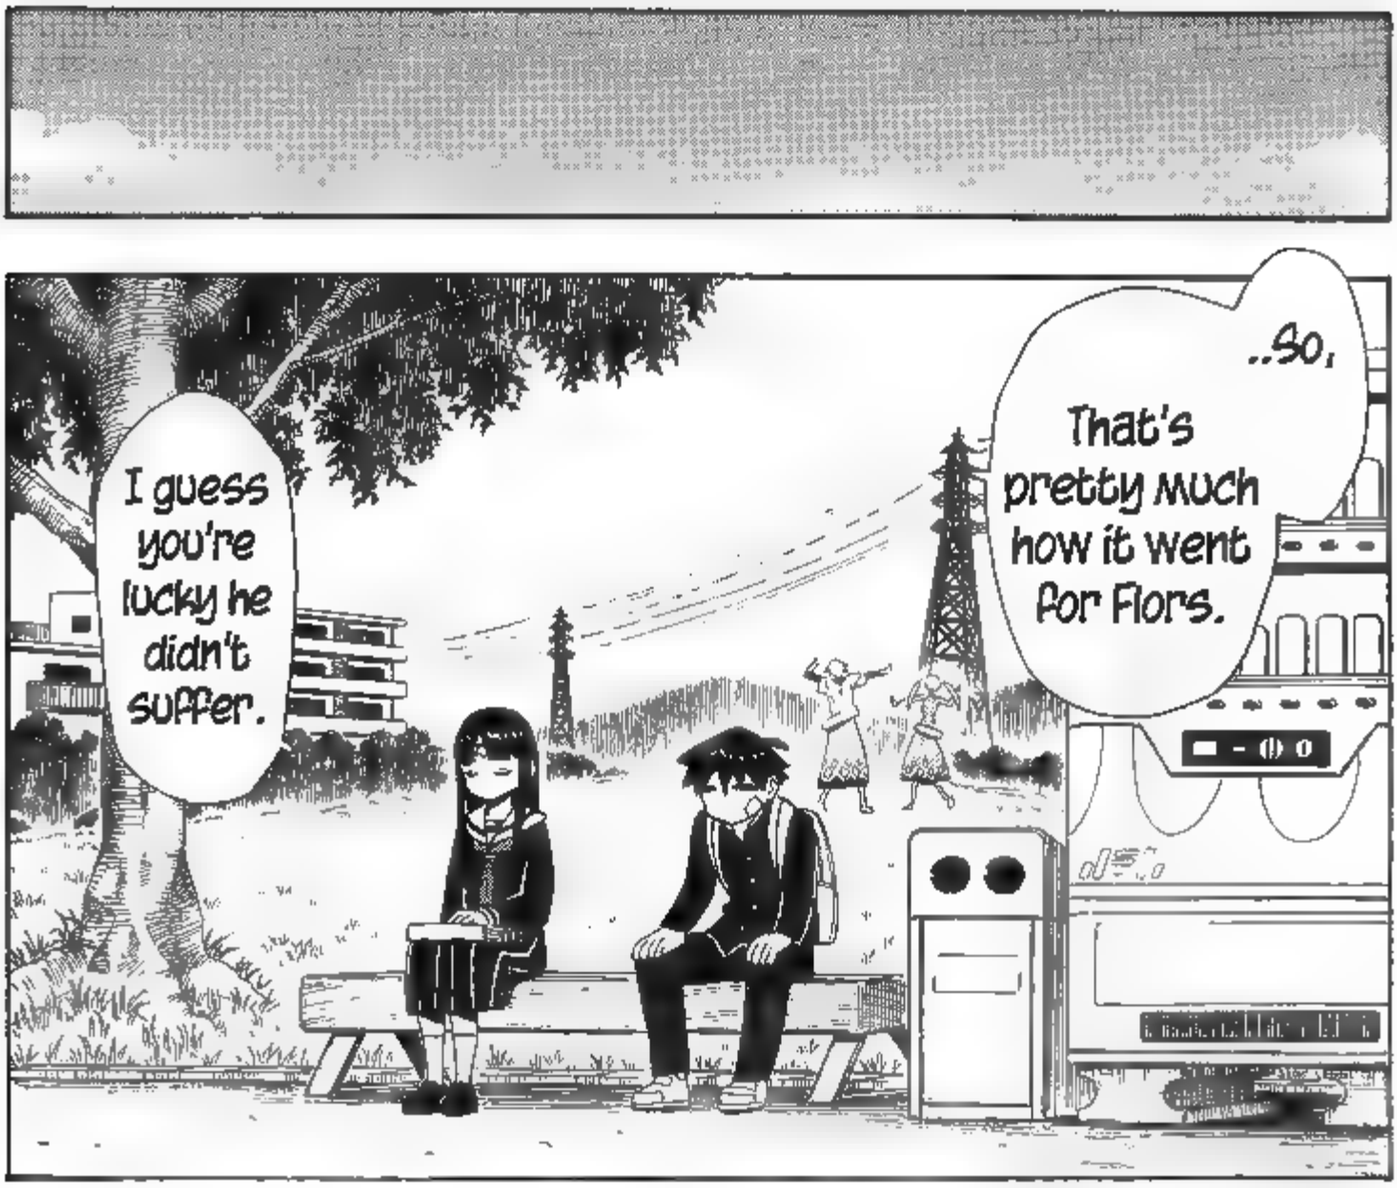
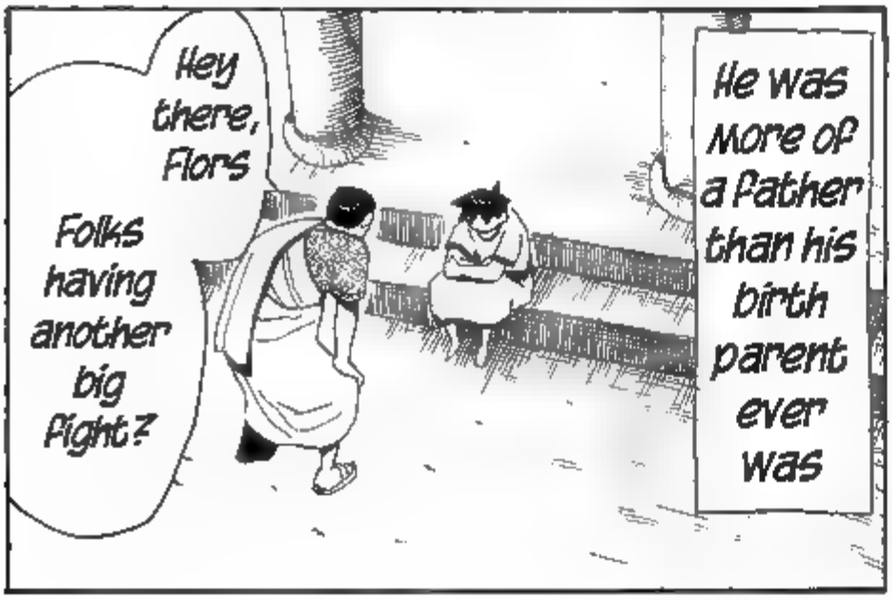
Well, when you get to thinkin' tired, may as well sit anyhow.
Phew..
Ah-!
He's already there!
Sure, but.. You know your body's still a young man's, right?



I guess you're lucky he didn't suffer.
..So,
That's pretty much how it went for Flors.

Too bad.
Hm.



Hey there, Flors
Folks having another big fight?
He was more of a father than his birth parent ever was

Besides that, thanks to Roca delaying things at the site, he never saw his old man again.
But he never got to be happy, either.
That left a sore spot, truth be told.

I could use a hand around the workshop, after all!
Ha ha! Kidding, kiddo!
Hey, how about you come stay with me?
I say it's pretty cool.. just like some kind of hero of destiny!
Always about this silly old scar with those two,
Isn't it?

He's taking over that famous workshop, too.
Why, they should call him Mr Sphinx!
Hey, I like it!
There he goes! The one who built the Sphinx across the sea!
Really? A Sphinx? Wow!
Father Sphinx!
Master Sphinx!
Mister Sphinx!

At least she met a grisly end.
Rest assured.
What of Roca?
...

But when it reached the king's ear, he wasn't very pleased, and had the whole settlement executed.
It was a while after you left.
At a sitdown with some of the other chiefs, Alvol couldn't help but brag about your Sphinx.
He proclaimed it would only bring unrest to the common people.
Alvol felt that all people deserved the benefit of enlightenment.. The king disagreed.
He what?
He..
They held it up as proof of forsaking the King's religion, and betraying the King.
That monument was the nail in Alvol's coffin, as it were.
And one by one, they all lost their heads.
Everyone under Alvol's domain, all the villagers and laborers, were rounded up

ONE CLEAN CHOP, AND IT WAS OVER.
I SHOULD FEEL LUCKY

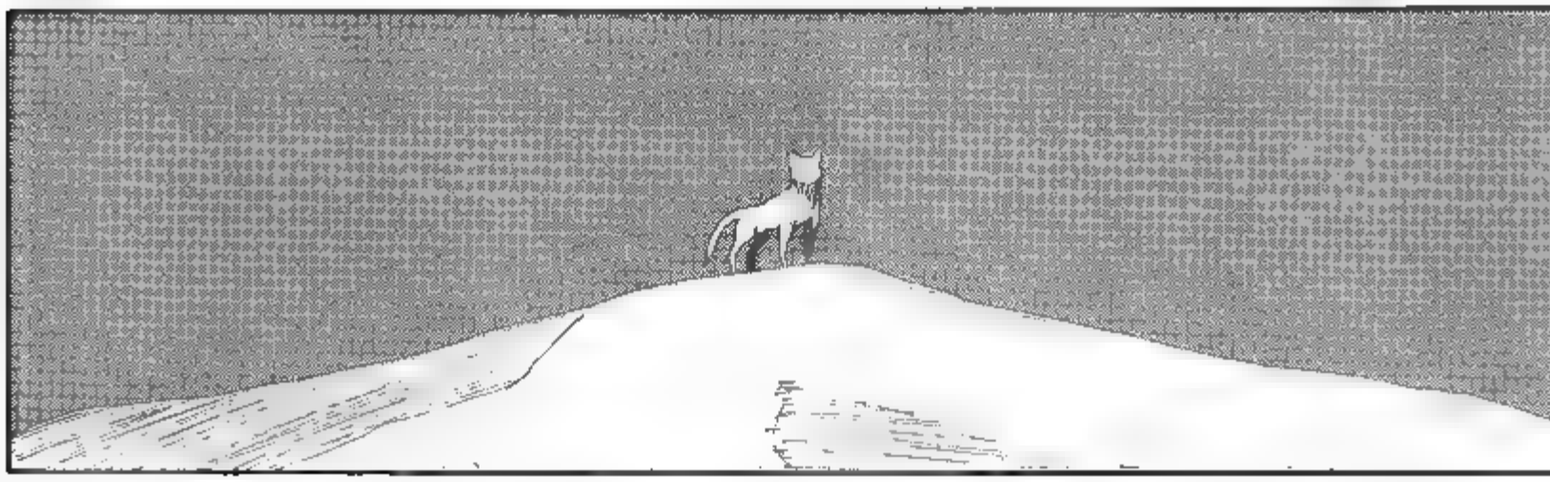
EVERY ONE
And the hired hands.. they were just..
Even Halara?
So.. Alvol?
Roca?
No need to concern yourself, "Father Sphinx"..
Just because.. they all..
But..
There was more to the story than some monument, after all.

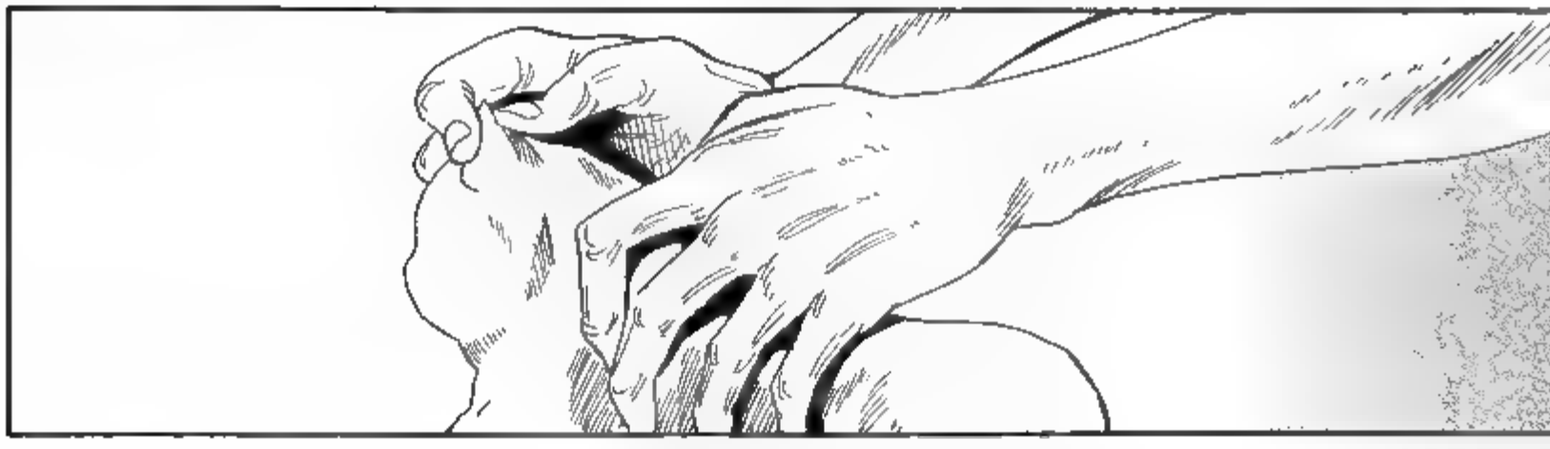
Perhaps now you have an inkling of my pain, Ser "Sphinx"..
...
If you take to bed every time, you'll never get used to this.
I better see you in class.
Let's go, East!
And snap out of it, will you?
I..I think that's enough for today.
Bye, now.

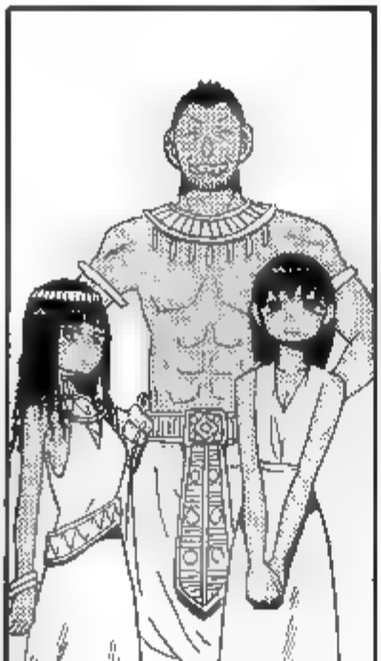
Fuuta.. If I may.. Why did you want to view your past so much?
.....
Bye, Koko! Bye, East!
Good day.
It has no bearing on your life now.
I see...
It's best you give it up. There is nothing there you need to know.
But landed myself in a whole 'nother lifetime..
..I was aiming to get a look at Fortuna,
Never mind.. Just wondering.
No..
What is it?
Mean any thing to you?
...Does the word, "Spas-cifica"
Be right there
Are you coming?

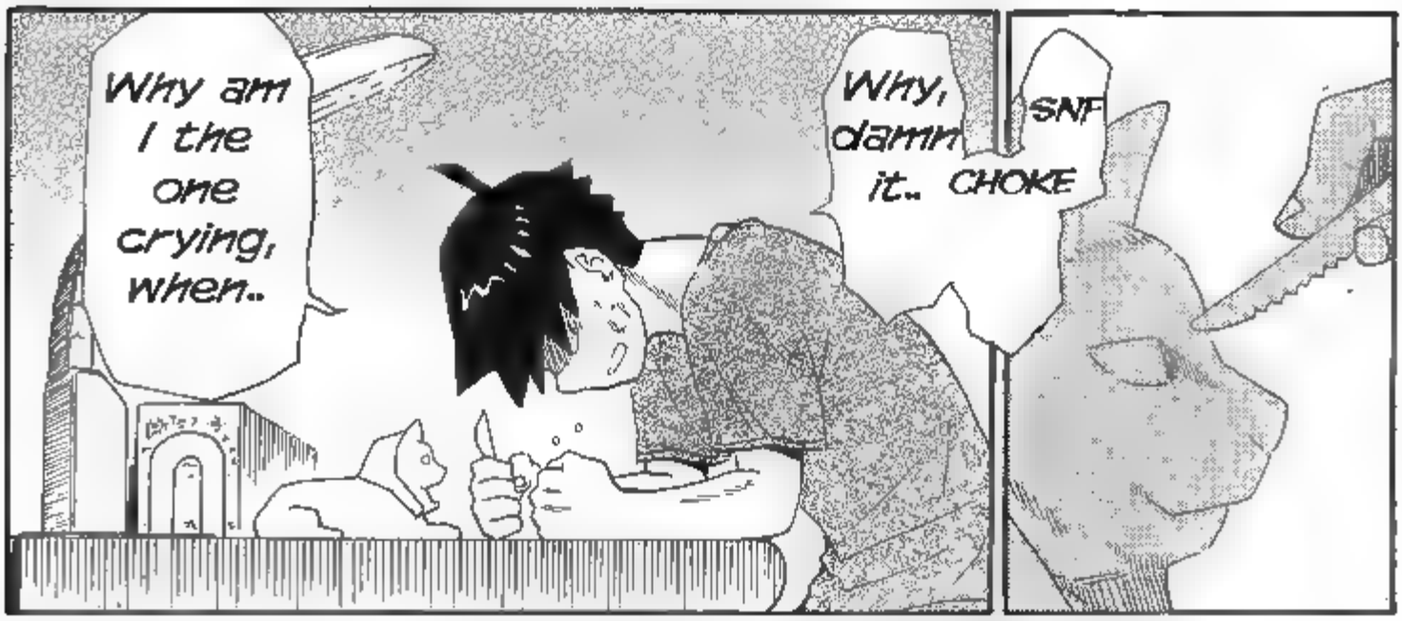
Home is that way!
Master? Hello?
What a relief!
I thought Master really went senile..
But you were just making a little detour!
What did we buy, anyway?

All right?
Rune..
Tonight, I need peace and quiet.
E-Z MOLD
PAPER CLAY
230
Sure
May I still watch?
I under-stand, Master.









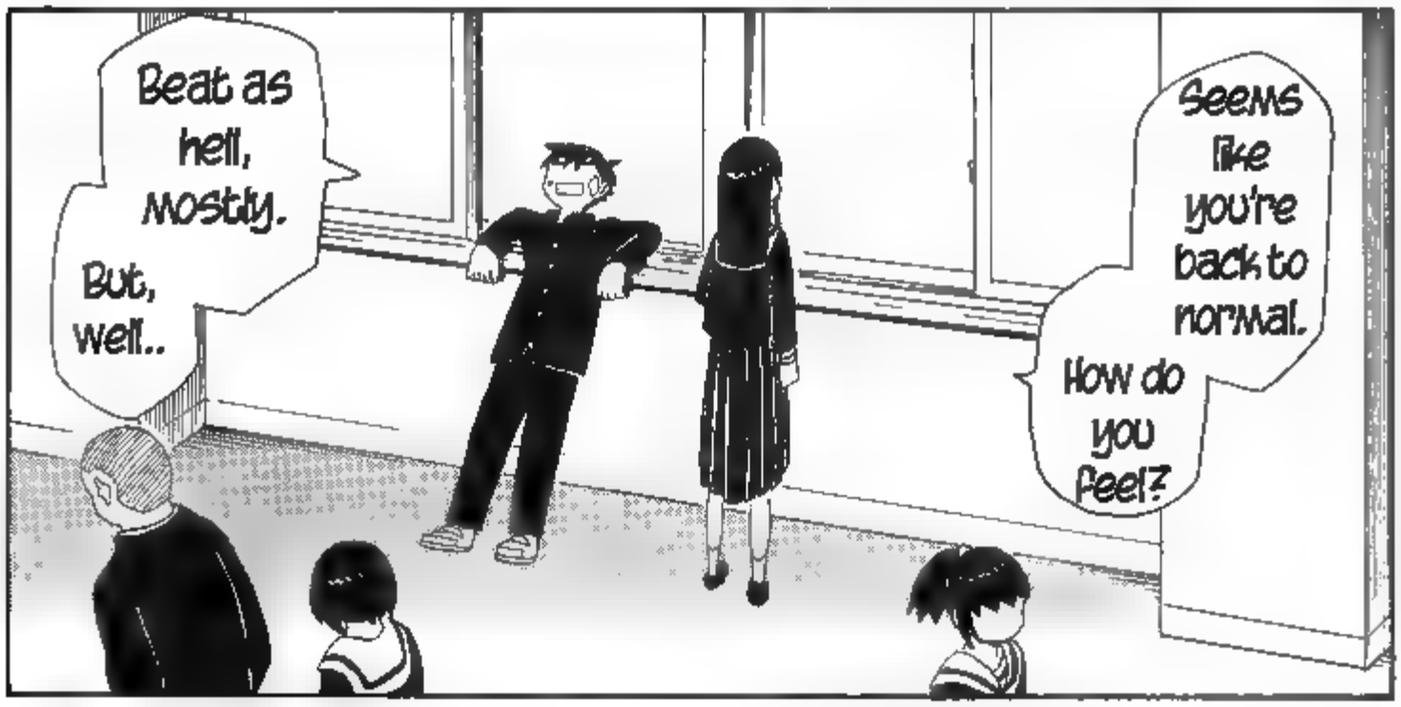
Why am I the one crying, when..
Why, damn it.. CHOKE
SNF

Liha-nerra..
Ker-temos..
Hal-ara..
Roca-
Anol-

Why bother.. Why are we even alive at all..?!
Damn it, Rune..

Well, someone had a late night.
Hn..?
Dad?
Did you make this, Fuuta?
Good stuff.
Hey, a Sphinx, huh?
What've you got there?
I gotta say, this isn't half bad, here..
Hmm..
Oh, good!
Master's back to normal!
I wasn't exactly..
Oh, I'm me again
Done playing old man pretend already?
I guess.
Oh, yeah.

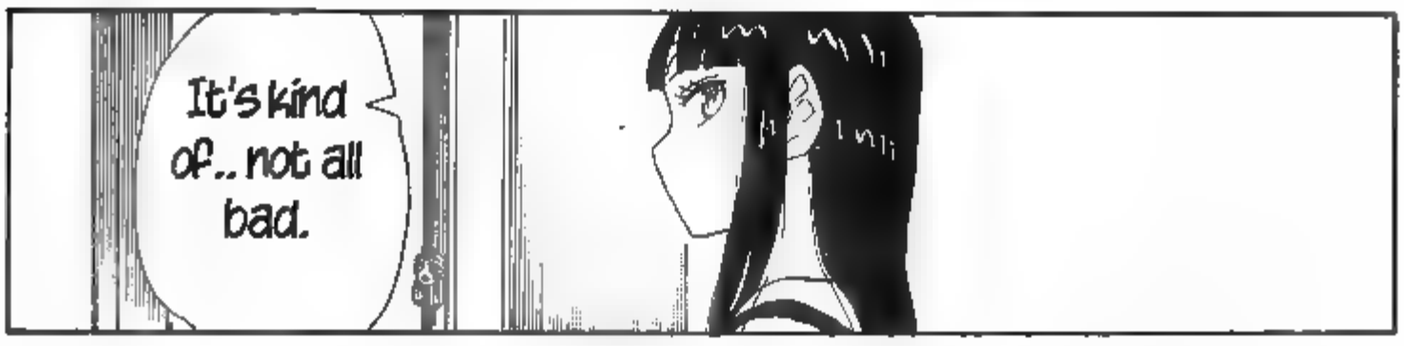
I dare say you'll make a fine workman some day!
Back again, Flors?
I bet you'll make awesome action figures some day!
I think..
We're here so we can enjoy all the good things
If you ask me, Master,



Beat as hell, mostly.
But, well..
Seems like you're back to normal.
How do you feel?

It's like..
But..

And hearing your side is never any better..
Watching my lives go by has been pretty rough,



It's kind of.. not all bad.

I mean.. All this stuff kind of links together,
And.. that part's kind of complicated, so I don't really get it,
But here and now, same as in the past, there's bad stuff, but there's good too..
Well, I mostly just want to try it again, I think.
After I take a little break this time, of course.
She didn't really show up this time..
Maybe I'll get to see Rei again!
Could you take a look at this handout?
Oh, there you are!
You mean me?
Hey, Mr. Azuma.
But don't get your hopes up.
I couldn't care less what you want,
Hm.

I meant to put Va..
Oh, sorry! I put down Flors on accident!
It looks like.. Actually, what is this?
2-C Φουρουου
It doesn't have your name.
I have everyone else's, so this must be yours?
This says "Flors"?
No, not that either..
No, wait.. Not Vann, I mean.. Fo-
Heh, little brain fart, there..
Yeah! Fuuta Okeya! That's it!
Some-thing wrong, Okeya?

Yessir.
Well, go ahead and fix it, I'll grade it once you turn it back it.
I know, right? Heh heh..
That's pretty bad, if you can't even say your name.

What was that?
But seriously,

Of who I'M supposed to be?
Did I really just lose track
